

THE SIEMENS SPECIALIST FOR PROCESS OPTIMIZATION, ADVICE AND AUTOMATION

A photograph of a man with curly hair, wearing a white t-shirt, sitting at a desk with two Dell monitors. He is smiling and looking towards the camera. The background is a white brick wall. A potted plant is visible on the left side of the desk.

**We have created an
excellent opportunity
just for you!**

Are you our next Software Engineer?

Engineering | Maintenance | Consultancy | Development | Products

Throughout the training, you will gain **hands-on experience** by working in a partially virtual environment and with our 3D Factory

Throughout the training, you will be **supported** by a field specialist

You will gain in-depth knowledge in TIA, PCS portals, Siemens, and much more! In the end, you will be able to obtain **Siemens certification**

DO YOU WANT TO BE A SOFTWARE ENGINEER BUT DON'T KNOW WHERE TO START?

**Then CoNet Academy
is for you!**

We have created an excellent opportunity for all beginners and postgraduates in the field! We want to give you all the skills to feel comfortable within the software engineering field. TIA, PCS7, Siemens, you name it.

Who are we looking for?

We are looking for **three enthusiasts** who will be part of **three-month**, paid and employed, training after which you will be ready to integrate with CoNet's team. This way, we will ensure the best onboarding for you!

OUR ENGINEERS BREATHE SIEMENS

THE **FIRST CHOICE** FOR EVERY
BUSINESS THAT UNDERSTANDS
THE VALUE OF **FREEDOM**
IN **CREATIVITY**

Let's start!

CoNet Academy is based in the same beautiful building as the rest of the CoNet's team – The Verkade factory in **Zaandam**. The academy will kick off in **March 2022**. So don't miss your chance and apply now!

Join now!

Don't wait any longer.
Send us your vision, preferably with your CV to **jobs@conet.nl**.

Let's get in touch, and we'll take it from there!

About CoNet

CoNet is a Software Engineering company. As a Certified Solution Partner for Siemens, CoNet chooses one 'Siemens' brand strategy. We work with Siemens products like no one else and can answer all your questions regarding Siemens automation. We continuously monitor product development to offer you the latest, state-of-the-art technology. From advice and engineering to maintenance, we are the single point of contact for your process optimization. By process and system standardization, our solutions allow you to profit from increased efficiency and quality fully.
